Janet L. Anderson Award Winners

was established by the Mathematical Association of America's SIGMAA on Mathematical and Computational Biology in honor of Janet Andersen. Until her untimely death in 2005, Janet Andersen was Professor of Mathematics at Hope College in Holland, Michigan. She joined the Hope faculty in 1991 after completing her master's and doctoral work in algebraic geometry at the University of Minnesota. At Hope, she pioneered an interdisciplinary course in mathematical biology, was a research mentor for students in the field, and worked through several
